SOUTH CENTRAL POWER COMPANY
Lancaster, Ohio

RESIDENTIAL SERVICE
SCHEDULE "R"

AVAILABILITY AND APPLICABILITY: This South Central Power Company (Cooperative) rate schedule is available and applicable for electric service to residential, farm and home Consumers of the Cooperative, throughout its service area.

All service shall be single phase delivered through a single set of service wires for single family or farm use. The service location shall be designated by the Cooperative and metered in the most practical manner.

This schedule is applicable for service supplied to what is ordinarily designated and recognized as individual single family, residential, home or farm use, single apartments, mobile homes, and other individual single family living quarters or dwelling units. Where service is supplied through one meter to more than a single-family dwelling unit or living quarters or apartment see "Multiple Dwelling Units" as to billing procedure and other restrictions.

This schedule is not applicable for service utilization that is ordinarily considered, in public utility operation, as being non-residential, non-home or non-farm use in character. For such non-residential service, e other Cooperative rate schedules shall apply.

Where electric service is supplied for combined residential and non-residential use or for three phase service," other Cooperative rate schedules shall apply, or at Consumer's option and at his expense, the wiring may be separated (subject to the Cooperative's inspection and approval) and each class of service separately metered and billed in conformance to the applicable schedule.

All service under this schedule shall be subject to the provisions of the Cooperative's application form, the provisions of this schedule as well as the Cooperative's Policy Manual and Practices and Procedures Manual (Rules and Regulations) or subsequent revisions thereof on file at the Cooperative's office, which Rules and Regulations are a part of this schedule as if fully written herein.

NET RATE PER MONTH OR PART THEREOF PER INDIVIDUAL DWELLING UNIT

The monthly billing shall be the sum of the following charges:

Consumer Charge	$34.00 per month
All kilowatt hours (kWh) consumed per month	$.0260 per kWh

The foregoing rates are subject to the provisions hereinafter set forth relating to minimum Charge, Adjustments, Rider "A", Rider "B", Multiple Dwelling Units and other applicable adjustments.

MONTHLY MINIMUM CHARGE PER DWELLING UNIT: The monthly minimum charge under this schedule shall be $34.00 per month, for the first 5 kilovolt amperes (kVA) of installed or allocated transformer capacity, plus $1.50 for each kVA of transformer capacity in excess of 5 kVA.

ADJUSTMENTS, RIDER "A" AND RIDER "B": The rates and charges set forth in this schedule are subject to increase or decrease in conformance to the adjustments specified in Rider "A" and Rider "B".

TERMS OF PAYMENT: The above rates and other applicable charges hereinafter set forth are net and are due and payable on or before the date specified on the bill. If all amounts due and payable are not paid by the due date, a late fee shall become payable. If any bill is not paid within the date specified, service will be subject to disconnection as provided in Cooperative's Rules and Regulations and any reconnection of service shall be subject to the Cooperative's charge for such special service.

METER READINGS: The Cooperative reserves the right to read meters other than monthly and bill on a monthly basis, using an estimated meter reading during the intervening month or months. As an alternative, the Cooperative also reserves the right to read meters bi-monthly and bill bi-monthly, in which event, the foregoing consumer charge, and the applicable minimum charge, will be multiplied by two.

CHARACTER AND TYPE OF SERVICE: Service rendered under this schedule shall be single phase, 60 hertz, at a voltage of approximately 120/240 volts, three wire, or at option of the Cooperative, 120 volts, two wire. The size of individual motors shall not exceed 15 hp name plate rating, except where permission is granted by the Cooperative. All motors 3 hp and larger may, at Cooperative's option, be required to be equipped with reduced voltage starting equipment or other control devices so as to avoid unnecessary voltage surges and fluctuations on Cooperative's system. This schedule is not applicable for three phase service.

USE OF SERVICE: Service under this schedule shall not be resold or shared with others, except as provided under "Multiple Dwelling Units".

MULTIPLE DWELLING UNITS: Where more than one dwelling unit is served through one meter, for billing purposes, the consumer charge may be multiplied by the number of dwelling units served.

Where four or more dwelling units are served through one meter and in all cases where future dwelling units are not separately wired or metered," other Cooperative rate schedules shall apply.

OTHER CHARGES FOR SPECIAL SERVICE: See Cooperative's Rules and Regulations as to other applicable charges, including disconnection and reconnection of service and other special services furnished Consumers.

REVISIONS AND AMENDMENTS: The Rules and Regulations for electric service, including this rate schedule, may be revised, amended, supplemented, or otherwise changed by the Board of Trustees from time to time, without notice. Such changes, when effective, shall have the same force as the present Rules and Regulations for electric service and rate schedules.

APPROVED: March 17, 2026 EFFECTIVE: April 1, 2026
